

# Maine Valley League

Mark and Tammy Desjardin

The Maine Valley League is finishing up after a great summer session, we had the largest number of teams competing this summer in both our 8-ball and 9-ball leagues. Several new locations were added and we made new friends throughout the state. To finish off our fabulous session we were joined by our friend Dave Pearson "The Ginger Wizard". Dave is not only an amazing player, world record holder, instructor, and friend but is known worldwide as the most exciting pool player. Dave shared his skills, talent, and time with several of our league players. Those of us who were able to take advantage of his availability during his visit finished off our summer session with new skills, practice drills, and the friendship of a wonderful person. We look forward to Dave returning sometime in the future. Our fall leagues are gearing up and we are looking forward to a fantastic 2016/2017 season that will be full of fun, tuff competition and most of all time spent with great friends. Thank you to all the players and friends of Maine Valley for working with us as we grow our league. Our tournament schedule should be completed and available in September. Don't forget about our junior leagues, they are the future of the game.

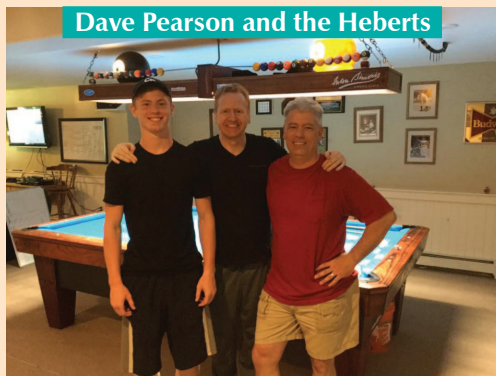

**Great Summer Session!**
